

Language, Oracy and Literacy

Children will be writing letters based on the book *Dear Greenpeace* by Simon James. They will be predicting the ending of a story about a dangerous rock. They will also be looking at a day in the life of a pirate – arrrgghh!

Mathematics

The children this term will be consolidating their learning for division, fractions, shape, measuring and time.

Place and Time

This term the children will be looking at the different oceans around the world. They will be exploring creatures that live in the sea and how they have adapted to living in this environment.

Faith and Beliefs

The children will be revisiting Incarnation and what this means to Christians.

Theme title **Ocean Explorers**

Context: This Theme will be set around water. The children will be looking at different ways water is used and why it is important on Planet Earth.

Science and Technology

We will look at different water habitats. They will also be looking at simple food chains of sea creatures.

Arts and Creativity

Children will be drawing and painting pictures of sea creatures using different materials and even making one of their own.

In DT, the children will be exploring puppets, then designing and making their very own sock parrot. They will be learning how to sew and use this technique in their design.

Physical and Emotional Health

This term the children will be learning about athletics including running, jumping, catching and throwing.

Citizenship and Ethics

This term the children will be discussing growing up and how this makes them feel. We will be discussing how they are able to do different things now that they were not able to do when they were younger.

Home Learning

Continue to support your children with their reading, spellings, multiplication and division tables. Please log onto Google classroom weekly and upload your child's homework.
